## Donate to the Epilepsy Society of Australia's Foundation Fund

ABN: 65 787 021 924

Medical research into the causes, consequences and treatments of epilepsy is conducted by ESA members at many Australian hospitals, universities and research institutes. The ESA seeks applications from Australian research groups for funding, reviews applications from research groups for scientific quality and feasibility, assesses the track record of research groups applying for funding, and distributes ESA research funds to worthy projects and groups. The ESA fosters research through provision of scholarships and hosting of its Annual Scientific Meeting.

The ESA also provides seed funding and in-kind support for training initiatives in Australia and Asia-Oceania, such as the Australian Pregnancy Register, the East Timor Epilepsy Project and the SEISMIC Project.
