Speakers

Dr Sachin Gupta
Paediatric Neurologist,
TY Nelson Department of Neurology and Neurosurgery, CHW

Dr Richard Webster
Paediatric Neurologist,
TY Nelson Department of Neurology and Neurosurgery, CHW

Kate Riney
Paediatric Neurologist,
Lady Cilento Children’s Hospital, Brisbane

Deepak Gill
Paediatric Neurologist,
TY Nelson Department of Neurology and Neurosurgery, CHW

Annie Bye
Paediatric Neurologist, Sydney Children’s Hospital

Ingrid Scheffer
Professor of Paediatric Epilepsy, University of Melbourne

Helen Cross
Professor of Childhood Epilepsy, Great Ormond Street Hospital, London, UK

Michelle Nicholson
Paediatric Neurology fellow, CHW

Elizabeth Thiele
Director, Pediatric Epilepsy Program, Massachusetts General Hospital, USA

John Lawson
Paediatric Neurologist, Sydney Children’s Hospital

Chris Troedson
Paediatric Neurologist,
TY Nelson Department of Neurology and Neurosurgery, CHW

Ubaid Shah
Paediatric Epilepsy fellow, CHW

Paddy Grattan-Smith
Paediatric Neurologist, Clinical Associate Professor, University of Sydney

Accreditation information

Fellows of the Royal Australian College of Physicians (RACP) may claim points based on their hours of participation through the HYCPD self-reporting program. Certificates of attendance will not be routinely provided, however can be provided on request.

Travel information

The Children’s Hospital at Westmead is located on the corner of Hawkesbury Rd and Hainsworth Street, Westmead and readily accessible by car or train. Parking is available at the visitor parking station located on Hainsworth Street (near the roundabout).

Additional Paediatric Neurology educational opportunity:

Tuberous Sclerosis Australia will host a one day conference (Saturday 14th November) for health professionals to learn about emerging therapies and practice-changing research in TSC. Prof Elizabeth (Lisa) Henske and Dr Elizabeth Thiele from Boston, USA, will share their research and clinical experience in both Tuberous Sclerosis and Lymphangioleiomyomatosis (LAM).

Paediatric Neurology Update 2015

Wednesday 18 November 2015 8.40am – 4.30pm

Lorimer Dods Lecture Theatre
The Children’s Hospital at Westmead
Program description and objectives

The 'Epilepsy masterclass' will provide an update on the recent developments and practical management of epilepsy. With the help of a number of visiting experts in paediatric epilepsy, we have created an excellent program. We will cover therapeutic topics such as the use of conventional first line drugs, the ketogenic diet, the use of surgery and the use of cannabis in children with epilepsy. We will cover clinical recognition aspects of seizures and epilepsy syndromes, and the use of investigations including genetic testing. We will finish with video sections of seizures and mimics of seizures.

We hope you come to enjoy the day.

Target Audience

General paediatricians, paediatric neurologists, paediatric trainees, general practitioners, psychologists, nursing and allied health staff.

Registration Information:
To avoid disappointment and to assist with catering numbers please register by Friday 6 November 2015

A refund will be issued for any cancellations received in writing prior to the event. No refunds will be issued for cancellation after the start of the event.

Please send the registration details section and payment to:
